Biographical Highlights

Tad Pilecki is a registered Professional Engineer with more than 35 years of experience in the wastewater field. His 25-year career at Central San encompassed both engineering and management roles. While at the District, he managed a \$360 million ten-year Capital Improvement Plan, a \$35 million annual Capital Improvement Budget, and an Asset Management Plan for wastewater facilities valued at more than \$3 billion.

Mr. Pilecki holds a Master of Science Degree in Sanitary Engineering (Loyola), a Masters Degree in Business Administration (UCLA), and a Bachelor of Science Degree in Civil Engineering (UCLA).

He has been a resident of Martinez since 1991.
